IANIRO 2007 GENERAL CONDITIONS FOR SALE

1. Application

The present General Conditions for sale are integral and essential part of our commercial documents "Pro-forma", "Offer", "Confirmation of order" which describe the contractual goods, prices and technical specifications and the purchase / supply legal terms.

With the acceptance of these documents, the General Conditions for sales are accepted as well.

The General conditions for sale are also integral part of Ianiro Price List (as shown on the web pages www.ianiro.com or as provided under separate cover on pdf file).

All orders are subject to the General Conditions for sale stated on invoices and, in any case of any conflict, those Conditions will prevail.

The Prices are subject to change without notice, except for the express validity period indicated in the Offer.

2. Packaging, freight, handling

The packaging in cardboard is included for orders amounting over 6.000,00€.

Except where otherwise clearly indicated, the orders below this amount are subject to 2,5% handling expenses and 1,5% packaging expenses.

Except where otherwise clearly indicated, the Goods are supplied under Incoterms Ex Works Ianiro factory Pavona Rome Italy.

The delivery to the customer place indicated in the Order is effected by carrier or at customer's care according to the customer's "Routing Order" which must be sent to our company indicating also its validity, or in the Order itself.

Should the instructions of the customers be unclear or not confirmed, Ianiro can use his carriers against charge in invoice and no claim is acceptable concerning the service costs or quality.

The tracking of the goods shipped ex works is at customer's care.

Upon collection of the goods the international or national carrier has to verify the conformity of the goods in respect of the Ianiro commercial and shipping documents, as well as the security of the packaging and checks that the goods do not present evident faults. The carrier, signing the Delivery Note document in original and in copy for Ianiro, takes the goods in good conditions and starting from the pick-up of the goods, the customer takes the freight expenses and risks related to the transport at his charge.

3. Claims

The freight carrier and IANIRO should be notified upon receipt of damaged freight, discrepancies, or non-conformities within 24 hours. Ianiro can assist in making claims with carriers of agents in the event of any loss or damage.

4. Delivery time

The delivery terms are communicated on request of the customer and are to be intended as an estimation of the order processing time, not delivered at the customer's place. The delivery times are not binding except where otherwise clearly indicated and accepted by Ianiro. Therefore the delay on estimated delivery times are not subject to penalties, indemnities and charges of any type.

Ianiro will take care of informing the customer in case the delivery time is subject to sensitive changes in respect of the initial estimation (over 15 days) communicating the reason of the delay and the new delivery time in written form.

Ianiro reserves the right to suspend supplies in case of Force majeure.

5. Payment terms

Payment must be executed according to the terms established in the Invoice or the Pro-Forma.

The goods remain property of Ianiro Aldo Srl until the payment is received in full, but the buyer takes the risks related to the goods from the consignment.

The non observance of the payment terms involves, besides the suspension of all supplies and engagements on our side, the charge with all costs and commercial interests according to the Italian Law on the delayed payment.

In case of non payment in full, the partial payments effected are held by Ianiro as indemnity for the expenses related to the supply effected and the customer is obliged to return all the contractual goods.

6. Warranty and returns

Ianiro warrants the quality of the products in accordance with the technical quality provisions of the CE standards. Ianiro provides warranty for each item of the Contractual products for 1 year from the date of sale.

Warranty will cover original manufacturing defaults reported by the purchaser and recognised from the manufacturer. The purchaser shall notify the supplier about any failures/defaults within 8 days from the discovery and the supplier shall do the necessary actions to improve the performance, to repair or to change the malfunctioning item or any defaults occurred at his expense within 30 days from the notification. In case the purchaser notifies the supplier after the 8 days term, the supplier does not provide warranty for defaults depending on delay or misusing of the products. In case such fault is a result of misusing the Products, replacement or repair will be made at expenses of the buyer.

All warranty claims must be substantiated by a bill of sale. If a bill of sale cannot be produced, the warranty will be determined by the original date of manufacture.
